WORK EXPERIENCE

VIDEOGRAPHER

NAIROBI CHAPEL MEDIA

2024-present

- Manage all major processes of photography and video production, this includes filming and photography, documenting professional quality audio, project conception, editing, distribution and archiving.
- Manage pre-production planning, including, storyboarding, floor plan, scriptwriting to ensure a clear and well organized project.
- Compose, conceptualize and deliver high quality, creative and visually engaging photos and video content that support the church brand in accordance with the intended communication goal.
- Handling and maintaining operations of production equipment which include cameras, video recorder, drones, lighting equipment and microphones for on-site or studio recording.
- Ensured and operated the appropriate levels of calibration with cameras, audio and video records for quality transmission both online streams (YouTube, Facebook) and screen mirroring
- Familiar with media tools such as streaming software OBS, streaming quality and editing tools such as Adobe Premiere Pro and Da Vinci Resolve.
- Project Ownership: Owned the entire development lifecycle, from initial planning and design to development, testing, and deployment.

Communication Assistant (Intern)

ICC Nairobi

2023-2024

- Ensuring proper handling of production equipment like cameras, lenses, cables, audio and sound tools for quality feeds.
- Improved Efficiency: Streamlined both the sound team, videographers and photographers to ensure recordings are done as scheduled seamless and with good cooperation from everyone on board giving feedback.
- Efficiency in transmitting feed to the video director by ensuring quality converters and quality cables are used for events such as Worship Night.
- Assisted the communication lead in planning calendar of events and other functions ensuring enough time is allocated for each project and the necessary production equipment are available for video recording.
- Training volunteers on handling production tools and videography. I trained on the videography process from camera setting to shooting the actual event.
